How did you meet?

Daniel and I met whilst working in Asda together almost 7 years ago. We had a great working relationship that very quickly flourished into what we have together today.

Tell us about the proposal:

The proposal was very spontaneous. We were with my family on a Saturday night and decided to play a game of scrabble. Daniel's brain got to work and he decided to spell out '*will you marry me*' across the scrabble board. Daniel had the most gorgeous ring that he had bought a few months before with the intention of proposing in Portugal. Due to covid, this had been canceled and Daniel knew he couldn't wait any longer. I was in complete shock but everything about it was just perfect.

What made you choose the Stormont Hotel?

At the start of our relationship, we spent a lot of time in Stormont Estate for many walks and we had always said that Stormont would be the perfect place for us to get married. Once we had contacted Stormont Hotel, we knew from the start that our day would be perfect. The staff were nothing short of brilliant and were really invested in our day and what our vision was. We always knew we wanted a family-orientated wedding and knew that Stormont would be able to provide just that.

Any advice for any other couples planning their wedding?

We would advise anyone planning their wedding to enjoy every single minute of it. We would advise anyone to call and see the team at Stormont as they made it completely stress-free and exceeded our expectations at every step of the way. It is a day we will never forget and would do it all again if we could.

Daniel & myself would also like to say a massive thank you to Berni and the team at Stormont for absolutely everything done during the process and the day itself. Berni and Aaron were absolutely brilliant, we are so grateful for everything! The day we got married really was the best day of our lives together. We honestly could not have asked for the day to go any better. The team at Stormont made our day so special and we will be forever grateful for all they did for us. We have memories that will last a lifetime and really feel our day was just filled with love and laughter from start to finish.
