

Our Wedding Day
Gary & Julie

STORMONT
HOTEL

How did you meet?

Gary and I met a long time ago through a mutual friend, he was very shy at the start and took forever to ask me out! Once he did that was us, we've been together nearly 12 years and have 2 beautiful sons.

Tell us about the proposal:

Gary proposed on a night away on our babymoon, whilst we were pregnant with our 2nd son. I was totally surprised and loved how he included my mum and sister in it too.

What made you choose the Stormont Hotel?

When it came to picking a venue, Stormont Hotel was top of my list as it holds a very special memory of my Granny. She absolutely loved Gary, we use to go on every occasion with her to the Stormont Hotel, as it was her favourite place, we sat on the same seats every single time! Although she is no longer with us, we still carry on the tradition and still go on all occasions and now on her anniversary. As soon as we saw the Ballroom decorated at one of the wedding showcases, we both got a feeling straight away that this is what we pictured for our big day - we had to book it.

Any advice for any other couples planning their wedding?

We had our wedding planned, then covid hit. Stormont was so accommodating with rearranging our dates, communication was excellent and on the run-up to the wedding, Berni was so attentive! You honestly couldn't ask for a better person to be planning and organising your day, she is so friendly and helpful. Also a special mention to Sam and Aaron who went above and beyond on our special day.

If you're thinking of getting married in the Stormont Hotel, I can't recommend it enough! You will have the best day! All our guests loved it, and we couldn't be happier with how everything turned out!

Thank you Stormont hotel!
